5. Typical Station Design

- 5.1 The metro stations are typically designed over two levels overground - concourse and platform.
- 5.2 Concourse level is typically located 7 metres above ground level and serves as the place where commuters shall arrive after taking the escalator / elevator or stairs from the ground level.
- 5.3 Concourse level is split into two parts - unpaid area and paid area.
 - Unpaid area is where the commuters shall land and is where commuters can purchase tickets from ticket vending windows and ticket vending machines.
 - Unpaid area is separated from the paid area located at the centre of the station box by the security gates and fare collection gates.
- 5.6 Both Unpaid and Paid area accommodates vertical circulation elements (lifts, escalators and stairs) which allow for connectivity between the street level to the concourse and further from the concourse to the platform.
- 5.7 The platform is typically located 16 metres above ground level and is typically 185 meters long and 24 meters wide and is planned with the track in the centre and platform on either side.
- 5.8 Along the platform are platform screen doors which screen the platform from the train for safety for commuters by reducing the likelihood of accidents.

Typical Station Cross Section

Level Zero	Ground level (at-grade) which will have station entry / exits
Level One	Concourse level which will have the ticketing area and the access points to go to the platform

 - v. If, as a result of Force Majeure, the Licensee is unable to perform a material portion of the License for a period of not less than 60 days.
 - vi. If the Licensee, in the judgment of the Authority has engaged in corrupt or fraudulent practices in competing for or in executing the License.
- 12.3.2 If the Licensee terminates the License Agreement within the Lock-in Period, their furnished Performance Security shall be invoked by the Authority.
- 12.3.3 If the Licensee wants to terminate their License Agreement after the Lock-in Period, it shall give an advance notice prior to the termination to the Authority as prescribed in the Summary of Key Commercial Terms.
- 12.3.4 In case of abrupt termination without an advance notice as per the Summary of Terms prior to the termination by the Licensee, the Authority shall invoke their furnished Performance Security.
- 12.3.5 Upon termination or expiry of this License, all rights and obligations of the Parties hereunder shall cease, except -
- a. Such rights and obligations as may have accrued on the date of termination or expiration
 - b. The obligation of confidentiality
 - c. Any right which a Party may continue to have under applicable law

12.4 Dispute Resolution

- 12.4.1 Except where otherwise specified in the License Agreement and subject to the powers delegated to him / her by the Authority in force, the decision of Director (Finance) shall be final, conclusive and binding on all Parties to the License for all questions relating to the meaning and interpretation of the License conditions or regarding any other question, claim, right, matter or things whatsoever arising out of or relating to the License.
- 12.4.2 If the Licensee is not satisfied with the order passed by Director (Finance) as aforesaid, the Licensee may within 30 days of receipt by him / her of any such order, appeal against it to the Managing Director (MD) of the Authority who, if convinced that prima facie the Licensee's claim rejected by Director (Finance) is not frivolous and that there is some substance in the claim of the Licensee and would merit a detailed examination through a suitable committee appointed for the purpose by the MD if necessary and in that case, decision taken by the committee shall be finalized by the Authority and same shall be binding to the Licensee.
- 12.4.3 If the Licensee is still not satisfied with the resolution, then legal action may be initiated where courts of Mumbai shall have the exclusive jurisdiction.
