3. Objective of this Policy

- 3.1 The Authority intends to provide telecom connectivity to its metro passengers, road commuters, etc. Additionally, the Authority intends to monetize commercial potential of Lines 2A & 7 which will act as a source of funds towards financing the project capital cost and / or operations cost.
- 3.2 The Authority has identified licensing of spaces for Installation of Telecom Equipment (Small/Micro Cells) at Lines 2A & 7 Pillars as one of the revenue heads for Non-Fare Box Revenue (NFBR) generation.
- 3.3 The purpose of this Policy is to appoint Licensee(s) for licensing of spaces for Installation of Telecom Equipment (Small/Micro Cells) at Mumbai Metro Lines 2A & 7 Pillars.
- 3.4 Spaces are available on License basis across ~1,500 pillars on Metro Lines 2A & 7.
- 3.5 Given that over 330 km of Mumbai Metro network is envisaged as a part of the masterplan, and the metro stations being developed at other cities across India, the magnitude of the opportunity over the coming 5-10 years is extremely large.
- 3.6 In this reference, the Authority invites Applications from interested Telecom companies and other qualified and Applicants for availing space offered for installation of Telecom Equipment at Pillars on License basis.

Lines 2A & 7 interchanges/proximity with other transport hubs

5. Pillar Inventory

- 5.1 There are ~1500 Pillars available along Lines 2A & 7 of Mumbai Metro.
- 5.2 The metro viaduct predominantly passes through the center of the Western Express Highway for Line 7 and Link Road for Line 2A. At some places where there is an existing motorway flyover, the alignment then shifts to the left side of the road. This split is approx 2:1 for center of the road and side of the road pillars.
- 5.3 Most of these pillars are accessible from the road and/ or service roads. Few pillars are not accessible.
- 5.4 Interested Parties are required to go through the detailed Pillar inventory attachment as well as undertake site surveys to assess the accessibility and the potential of the pillars from a telecom connectivity infrastructure perspective.

- 5.5 The property tax if applicable on the licensed commercial spaces, shall be paid by the Authority as per applicable rates of concerned municipal corporation / local authorities in advance. Subsequently, the aforementioned property tax/ service charge will be charged and recovered from the Licensee.
- 5.6 Direct taxes on respective income shall be borne by the respective Parties.

6. Applicable Regulations

- 6.1 The Licensee shall observe and adhere to all the relevant rules and regulations and other policies approved or any amendments thereto from time to time by the Authority / concerned competent authority.
- 6.2 Obtaining all approvals for conducting the business under this License shall be the sole responsibility of the Licensee, and the Authority shall not be liable or responsible for any of the act or omissions on the part of the Licensee.
- 6.3 The Authority shall facilitate sourcing of such approvals where required and feasible.

- 6.4 Licensee shall install and operate its equipment in the said premises after duly obtaining all necessary approvals from the Authority, permissions, licenses, approvals, permits, no objection certificates, etc. from the Municipal Corporation, Department of Telecommunications (DoT) Govt. of India, Telecom Regulatory Authority of India (TRAI), Telecom Enforcement and Resource Monitoring Cell (TERM), and such other statutory and/ or local authorities as may be required under the law in force, at its own cost.
- 6.5 The Licensee shall ensure adherence to international quality standards as applicable to Telecom Equipment as per guidelines of DoT, TERM, etc. at its own expense. The Licensee shall ensure strict compliance with permissible radiation limits for mobile towers as laid down by Municipal Corporation / State Government / DoT from time to time.
- 6.6 The Licensee shall at all times adhere to all provisions of the Metro Railway (Operation and Maintenance) Act, 2002 and amendments thereto and shall also comply with all notices and circulars issued by the Authority.
- 6.7 The Licensee's attention is drawn to the Contract Labour (Regulation and Abolition) Act, 1970 and the Maharashtra Contract Labour (Regulation and Abolition) Rules, 1971. The Licensee shall comply with the provisions of the said Act and Rules framed there under.

7. Site Access

- 7.1 Access to stations for the purpose of installation of equipment and its maintenance shall be regulated by the office of the Director (Operations) and the Licensee is required to take necessary permissions in this regard as per the Policy of the Authority. It is clarified that the permission to the Licensee shall not be unduly denied or delayed by the Authority.
- 7.2 Licensee shall ensure strict adherence to Permit-to-work (PTW) process and safety guidelines of the Authority.
- 7.3 Right of Way to the station shall be provided by the Authority to the Licensee as per pre-agreed schedule for installation, operations and maintenance (O&M). Non-intrusive O&M shall be permitted during non-peak hours, while intrusive O&M shall be permitted during non-operational hours (12 am to 5 am) barring emergency situations, where intrusive is interpreted as interfering with core station operations. Right of Way to access the Pillars for installation and O&M shall be provided to the Licensee by the Authority at all hours. However, the Licensee shall need to take other applicable local approvals to access the Pillars located on public roads.

8. Utility Provisions

- 8.1 Separate meter shall be procured and installed by the Licensee in its own name based on the recommendation by the Authority of the Electricity Distribution Company (Discom). Utility charges for electricity to be paid directly by the Licensee to the Discom within the prescribed due date.
- 8.2 Authority shall provide right of way to the Licensee to install optic fibre cables required for Small / Micro Cells at no additional cost for such RoW and Authority shall accommodate provision for earthing required by the Licensee at no additional cost.

9. Fire Safety

- 9.1 All materials used, including electrical materials should be fire resistant.
- 9.2 The Licensee shall not store or use flammable or explosive substances in the said premises, except as required in the normal course of the Licensee's business and with the Authority's prior consent.
- 9.3 The Licensee shall ensure that all electrical wiring, power outlets and gadgets are used and maintained properly, for guarding against short circuits/fires.
- 9.4 The Licensee voluntarily and unequivocally agrees to provide unfettered and unconditional access to the licensed spaces for security and fire checks by security and fire officers of the Authority, and also agrees to comply with all directives as may be given from time to time by the officers of the Authority. Non-compliance may be treated as Licensee's Event of Default.
- 9.5 Firefighting installations inside the licensed spaces, if any, including fire alarms and smoke detection systems shall be arranged by the Licensee and integrated in seamless manner with the Authority's system. Such firefighting arrangements would conform to the National Building Code, relevant Building Byelaws / Indian Standards (IS) Codes, Fire Safety (Fire Prevention) Rules and any other instructions issued by the Authority in this regard. Only after certification by the fire officer / authorized representative of the Authority, shall the Licensee be permitted to occupy and use the licensed spaces for commercial purposes. The fire clearance before and after installation of the fire detection / fire-fighting system shall be obtained by the Licensee for the licensed spaces.
- 9.6 The Licensee should also ensure that all notified statutory provisions and standards are observed in this regard.

10. Installation & Operations

- 10.1 The Licensee shall submit the details mentioned below for approval of Authority before installation of any equipment at the licensed space:
- i. Layout plan of space showing placement of equipment/ mast/ antenna, etc.
 - ii. Load analysis of the above-mentioned equipment and structures
 - iii. Complete set of structural drawing including foundation details
 - iv. Structural stability certificate duly certified by Competent Agency
 - v. Specifications of materials to be used, utility specifications of electricity, data connectivity, other services specifications
- 10.2 All the specifications proposed by the Licensee in the plan shall be subject to approval by Authority with regard to structural stability, operational feasibility, safety and security concerns and aesthetics. Designing of all units / structures should complement station architecture.
- 10.3 In this regard, the layouts, installation and operations plan of the Licensee shall be checked by Authority and upon approval, permission shall be granted for installation of equipment. If the plan/ design does not conform to the requirement of this License Agreement or standards of BIS / other relevant codes / guidelines, Authority may reject the plans / Applications, duly specifying the reasons thereof. In such case, Licensee shall resubmit its plan / Application after incorporating necessary modification for approval. Licensee shall install the equipment only in accordance with the written approval by the Authority at any licensed space.
- 10.4 Licensee shall ensure that equipment installed does not interfere with the sensitive electronic equipment installed along the alignment by the Authority, including TETRA based train radio system.
- i. If any interference is noticed, then the Licensee shall take all necessary steps, at his own risk and cost, to remove such interference. Failure to do so within a period of two working days authorizes the Authority to take all necessary steps to prevent this interference at the risk and cost of the Licensee.
 - ii. Test reports and any other supportive documentation, as may be required/ requested by Authority, will have to be furnished immediately. A clearance certificate has to be obtained from the signal and telecom department of the Authority to this effect.

- 10.5 The Licensee will be allowed to carry out installations within the said spaces at its own cost after receiving approval from the Authority, but without altering or damaging the main/shell structure, load bearing / structural members and any services / utilities, etc. of the said premises.
- 10.6 Authority shall facilitate the installation by providing access to cable trays, optic fibre cables, earthing pits, etc. to the Licensee based on the submitted installation and operations plan. Any incidental costs of providing such access shall be paid borne by the Licensee. The Licensee shall, at their own risk and cost, install cable trays, clamps, etc. where such provision is not available. No claim on this account will be entertained by the Authority.
- 10.7 Any waste or debris will need to be disposed into the designated common waste area provided /indicated by the Authority. Garbage and debris should be disposed of as per pollution control guidelines given by the state government and local bodies.
- 10.8 The Licensee shall use materials as per standards prevalent in the industry for such businesses. All structural members, bolts, etc. shall be galvanized or any better method to be used as per the latest technology, industry standard for safety consideration.
- 10.9 No advertisement/ branding / signage in any format shall be allowed.

11. Safety of Public & Personnel

- 11.1 The Licensee shall, throughout the License Period, have full regard for safety of all persons entitled to be at the site, appropriate to the avoidance of danger to such persons during the installation, operations and maintenance work. The Licensee shall provide and maintain adequate lights, warning signs, guards, as relevant, when and wherever required.
- 11.2 Licensee shall ensure that Licensee and its employees or other persons involved in the execution of the work do not, in any way, impinge on the safety and security of metro operations, safety and convenience of commuters (including road commuters), safety of metro properties and its assets. Any physical damage or injury to the commuters or passers-by due to lapses on the part of the Licensee will be the sole responsibility of the Licensee only and Authority will have no legal obligations or liability towards the injured.
- 11.3 In case of a serious accident caused due to negligence of the Licensee resulting in injury, death of a commuter, Authority's staff, Licensee's staff, or any third party, or loss to Authority's property, it shall constitute Material Breach of Contract and considered Licensee's Event of Default that shall entitle the Authority to terminate the License Agreement with 30 days written notice.
